| | 23:00 | 01:30 | | | | | | | | | | | | | 2 | 3 | | 1 | | | | | | | | | | | | | 1 | 2 | 3 |

Notes:

- 1. The load shedding timetable starts when there is a formal announcement from Eskom
- 2. To check what the position is of load shedding at any time, go to http://www.loadshedding.eskom.co.za
- 3. This is a monthly time table for Eskom customers
- 4. Example; If you are scheduled from 16:00 to 18:30, but loadshedding is declared at 17h00, you will only be load shed from 17h00 to 18h30.
- 5. If one is scheduled on a lower stage and a higher stage is declared, then your current time slot will not change. Eg; a time slot from 16h00 to 18h30 in a stage, will be completed, even if a higher stage is declared during that time.
- 5. Please note that all shaded areas will be times when the power will be off. Schedules are cumulative, i.e. stage 3 will include the times as scheduled for the preceding stages 1 and 2.
